Chrysanthemums

OFFERED FOR SALE BY

T. H. SPAULDING,

40 EAST 25TH ST., NEW YORK.

Greenhouses,

Orange, New Jersey.

IT HAS BEEN well demonstrated for the past two seasons that although the sale of chrysanthemums has been something unprecedented, the extreme early and late varieties have brought the highest prices, and those growers fortunate enough to be first and last in the field have reaped the richest harvest. The past season yellow shades, owing to the over production, have at times been a drug in the market, while everything desirable in red, pink and bronze has been in great demand, and invariably met with quick and ready sale, the public recognizing and demanding a departure from the tiresome and continuous repetition of one color. In my endeavor to please friends and patrons, both commercial and otherwise, I have collected and offer a set unsurpassed for quality, containing all the above requirements, for which I ask your careful consideration and trial. The cuts here shown are true to nature and faithfully reproduce the flowers. Soliciting your patronage for both novelties and older varieties, which I can supply in first quality only, I remain, respectfully,

T. H. SPAULDING.

SPAULDING'S 1896 NOVELTIES

have all been tested two or more years, thus proving their merits. The flowers are solid, large and double. Their habit strong and robust, and the set contains nothing of a weak or sickly nature.

Mrs. Battles and Crawford originated with W. K. Harris, of Philadelphia, who makes a specialty of late varieties. For the past three seasons he has grown them as leaders, obtaining the highest market price, they being the last of his cut in December.

Invincible. A mammoth, extra large, white variety of most robust habit and medium height, with magnificent heavy foliage close up to the bloom, petals broad, firm and cupping to the center, which is full and solid, blooms ten to twelve inches in diameter, six to seven inches in depth, and fifteen to eighteen inches across. The largest of all whites and the best late variety in commerce, fitly named, as it cannot be surpassed in form, size or habit. Awarded A. C. S. Certificate at New York, November 23, 1895. 50c. each.

Phryne. Large Japanese bloom, with extra broad petals, over three-quarters of an inch in width, overlapping one another, forming a high, round flower. Inner surface rich, red bronze, reverse bright, delicate chrome, strong, stiff stem, with handsome, heavy foliage. 35c. each.

Nanshon. A magnificent, midseason, white, larger than Ivory, petals fuller and finer, flower round and perfect, stiff stem and most beautiful foliage, habit dwarf, keeping and shipping qualities unsurpassed. One of the best well built up commercial blooms, very full, never showing an eye and always forming a symmetrical ball. A standard for commercial use. 50c. each.

Jessie Whitcombe. Grand, deep golden yellow Japanese of immense size and perfect habit, broad, twisting and interlacing petals. A seedling of Golden Wedding, which it somewhat resembles. 35c.

Rena Dula. Extra early, large, high, round, incurved Japanese bloom, with broad, cupping petals; forming a handsome, globe-shaped flower of deep, rich pink. Good keeper and shipper. Dwarf habit, stiff stem and fine foliage. In perfection October 5th to 10th. 35c.

Pride of Castlewood. Magnificent, chaste and beautiful Chinese variety of largest size and purest snow white color; high, round, and well built; form, one of the very finest of this class. Foliage and stem all that can be desired and as near perfection as possible. Midseason to late flowering. 35c. each.

Red Warrior. Fine, large, early, reflexed, dark, Japanese variety; style and color of the old, well known variety W. W. Coles, but perfectly double and full to the center; petals broad and flat, of deep, rich, chestnut red. The earliest and best red variety to date. Ready to cut October 5th to 10th. 50c. each.

Riverside. Early, clear, deep canary yellow, with broad, flat petals; flower large and reflexing in form, almost a counterpart of Vivian-Morel. Habit perfect. In perfection October 10th to 15th. 35c.

Marion Cleveland. Immense, high, round, solid bloom, with broad, massive cupping petals. Ivory white, shading delicate lemon to center as in Philadelphia. Almost as dwarf as Ivory. Stem stiff and erect with magnificent foliage close up to the bloom. The largest early white to date, ready to market same time as Whildin, Marion Henderson, Troy, Lager and Parker. Awarded A. C. S. Certificate. 50c.

Sibyl Kaye. Extra early Japanese, almost identical in color to Daybreak Carnation; a fine, full flower, with broad, flat, petals, stiff stem and handsome foliage, good shipper and keeper. In season October 10th to 15th. 35c. each.

J. R. Keim. A grand, large, Japanese reflex bloom, with heavy, broad petals full to center, without an eye. Color brightest golden yellow, striped and suffused with red, reverse solid yellow; fine for commerce or exhibition purposes. 35c. each.

Mrs. C. B. Freeman. Beautiful, clear, yellow, hirsute variety. A sport from the well known variety L. Boehmer, containing all the good characteristics of its parent, and identical in every respect except color. Awarded A. C. S. Certificate. 50c. each.

Mrs. W. P. Raynor. A beautiful, clear, white, Japanese variety. Early to midseason; long, flat petals; fine, round bloom, full to center, reflexing slightly towards the stem, which is strong and erect. Awarded certificate at New York. 35c. each.

Violet King. Beautiful Japanese variety, broad petals, lower ones inclined to reflex but solid to center. Color dark, self-pink, shading to violet, a novel and effective shade. 35c. each.

Headlight. Very large, bold, incurved, well built, Japanese bloom. Inside of petals rich, deep carmine; shade of G. W. Childs, reverse silvery or satin-like glossy pink; fine, stiff stem, with handsome foliage. 35c. each.

Clarence. Striking exhibition bloom, large, double, incurved flower; very full, never showing center. Intense bright red inside, with real golden reverse, quite distinct from any other of this shade. First prize, Boston, 1892; also first prize Boston, 1894, for best ten blooms any other color. 50c. each.

Mrs. R. Crawford (Harris). An extra large, clear white, of most exquisite form and build of bloom, shape just like Ivory, but much larger, color same pearly tint. Flowering Thanksgiving to December. Classed by its originator, W. K. Harris, as the gem of the season. 50c. each.

Adelaide Loomis. Extra large Japanese variety, broad, cupping petals; inner surfaces deep, rose pink, reverse shell pink, a beautiful combination. A glorious pink of great size and magnificent form. 35c.

Signal Light. Pale yellow incurved Japanese. Reverse of lower petals tipped red bronze, finely built flower, as truly incurved as a Chinese; solid and perfectly double, lasting a long time. Habit very dwarf. Foliage beautiful and right up the bloom. Awarded A. C. S. Certificate, 1895. 50c. each.

Mrs. H. H. Battles (Harris). Large incurved Japanese bloom with full center and high, round form. White shading blush at base. Strong, sturdy habit, medium height. In perfection during December. 35c.

Midnight. Enormous double and solid Japanese bloom, with broad, cupping petals, densely covered with hairs in style of R. M. Gray or Hairy Wonder. Color rich crimson lake. A new and striking departure and the largest of all the hirsute varieties. 50c. each.

Liberty. Of beautiful form, eight inches in diameter, reflex in its earlier stages, incurving and of perfect globular shape when fully developed. Color clear, rich, deep golden yellow. Habit dwarf but robust. Foliage and stem perfect. At its best about December 10th and later. A fine keeper and shipper, combining a great combination of good qualities. Scored ninety-eight points out of a possible one hundred before the judges of the American Chrysanthemum Society. 50c. each.

Mrs. T. D. Hatfield. A pure, yellow Chinese of perfect habit and build, superb in its class, American certificate at Boston, "Committees Report." Lemon yellow incurved, fine form with high center, foliage ample and well up to flower, stem stiff and straight. 50c. each.

Columbine. Very early incurved Japanese of fine rounded form. Interior of petals scarlet red, exterior rich bronze. Extra dwarf, a fit companion in size and habit for Ivory although dwarfed. Recommended by American Society. 35c. each.

New York. Very large incurved Japanese, densely packed with petals, which are regularly formed, filling up well to the center; of great substance and regular outline; color white, foliage and stem good and able to sustain the massive bloom. Awarded 1894, National Certificate at New York and Philadelphia, also silver medal; and at New York, 1895, a second certificate by same society. 60c. each.

The complete set of 25 varieties, \$6.00; varieties listed at 35c., \$3.50 per dozen, \$25.00 per 100; varieties listed at 50c., \$5.00 per dozen, \$35.00 per 100.

Note front page of cover—Imported Japanese Chrysanthemum Seed.

A remarkable, new and popular seedling is Mrs. H. H. Battles, white, relieved by a tinge of blush on the lowermost petals. It has proved a good fortune to the raiser, W. K. Harris, not only for its size and beauty but from its flowering later than others, thus prolonging the chrysanthemum season. "MEEHAN'S MONTHLY."

Yes, you may book us for 100 Liberty. It is indeed a *fine* variety.
Yours truly, E. G. HILL & CO.

HILL & CO.'S SET.

Mrs. Perrin. Best described as a rose-pink Ivory. The brightest shade of pink yet produced. Height, three and one-half feet, foliage close to the flower, stiff stems. A good keeper. Globular incurved form; finish as fine as satin. Highest awards wherever shown.

Gov. Matthews. Mid-season, four feet; good stem and foliage; color, pale pink turning to white, of satiny luster; quite globular or slightly pointed; of fine size. A. C. S. Certificate, Nov. 16.

Indiana. Late. Five and one-half feet. Use crown bud. A grand incurving pink of bright color, fine finish and enormous size—twenty-two inches in circumference. We should pronounce this the finest variety of the year, but for its one fault of not carrying the foliage up the flower. A. C. S. Certificate, Nov. 23.

Daydawn. Ready October 15th. Height, 3 feet. Use, early crown. Of the very easiest management; a strong, free grower; stiff stems; foliage close to the flower; color creamy white, with deeper center; seven and one-half inches in diameter and of good depth. A valuable commercial sort. A. C. S. Certificate, October 18th. 35c. each; \$3.50 per dozen; \$25.00 per 100. All others, 50c. each; \$5.00 per dozen; \$35.00 per 100.

PINK IVORY.

The Sensation of the Year.

MISS AGNES L. DALSKOV.

A sport from Ivory, identical with its parent, except in color, which is a beautiful shell pink. This variety during the present season has had a phenomenal sale on the New York market. 35 cents each; \$3.50 per doz.; \$25.00 per 100.

PHILADELPHIA, December 12th, 1895.

DEAR SIR:—I think you will find Liberty a good investment. It is decidedly the best extra late yellow I have seen.

Yours truly,

ROBT. CRAIG.

SMITH & SON'S SET.

Autumn Bride (Exhibited as October Queen). Our first and last cut of Mme. F. Bergmann, was but three days in advance of Autumn Bride. It is pure white, incurved, very closely resembling the Queen in form and size; showing no center, with short, stiff stem, three feet in height. A. C. S. Certificate.

Sunclad. A Japanese of the brightest yellow, maturing October 20th. Deeper in color than Golden Wedding, somewhat reflexed in form with a whorled center; seven and one-half inches in diameter by six and one-half in height. Grows, three feet. A. C. S. Certificate.

Lenawee. An incurved Japanese of the purest white, resembling the Queen but surpassing that popular variety, being double to the center; has a stout stem with seven and one-half inch flowers. Grows four and one-half feet. A. C. S. Certificate.

Edwin A. Kimball. Japanese incurved, similar to Mrs. Charles Wheeler in form and color, crimson within and old gold without. Incurves very closely showing but little crimson, giving a distinct and fine effect. Perfectly double with a fine, high rounded form. Grows three and one-half feet. A. C. S. Certificate.

Modesto. Exceptionally meritorious. As expressed by several experts "the finest-yellow yet produced, for exhibition or trade." Intense in color, unsurpassed in size, of an incurved, slightly whorled form; with very high, full center. Grows four feet. A. C. S. Certificate.

Violescent. A magnificent variety for exhibition or commercial purposes, especially where blooms are required for Thanksgiving trade. It is of enormous proportions, building up with perpendicular sides to the height of five inches, finishing with a slightly rounding, incurved center, color white, lower petals delicately tinged lavender. Grows five and one-half feet. A. C. S. Certificate.

Rinaldo. Crimson and old gold. Very late, maturing November 30th. Incurved but sufficiently loose to show the crimson lining, stem and foliage perfect. Grows three and one-half feet. A. C. S. Certificate.

Yanoma. The latest white we have ever produced. Under ordinary cultivation is at its best November 30th and, if retarded slightly, can be kept until Christmas. Reflexed in form like Vivian-Morel. Four feet high. A C. S. Certificate.

Autumn Bride and Yonama, 35c. each; \$3.50 per dozen; \$25.00 per 100. All others 60c. each; \$6.00 per dozen; \$40.00 per 100.

DORNER & SON'S SET.

Mrs. Wm. C. Egan. A large variety of Ada Spaulding type, perfect in build and of great depth; crimson pink at base, shading to pale sulphur, suffused buff. An excellent keeper. Height, three and one-half feet; strong growth and fine foliage. Awarded A. C. S. Certificate.

Amaranth. Reflex Japanese, with broad petals, of great depth, and five to six inches in diameter. White, heavily shaded amaranth. A late variety, three to three and one-half feet; straight stem, with an abundance of foliage up to the flower. Awarded A. C. S. Certificate.

Tippecanoe. Incurved Japanese of a peculiar type difficult to describe. Inside of florets pink terra cotta with light reverse. A unique and excellent exhibition bloom. Height three to three and one-half feet, with a straight stem and good foliage. Awarded A. C. S. Certificate. 50c. each; \$5.00 per dozen; \$35.00 per 100.

ETHEL AMSDEN.

A magnificent pure pea green sport from that well-known variety Vivian-Morel, partaking of it in many respects, a much more prolific bloomer, bearing its flowers in large clusters. Each and every petal being a solid self-colored bright pea green, as deep a shade as in fresh peas. Distributed March 1st, at 50 cents each.

JOHN N. MAY'S NEW CHRYSANTHEMUMS.

Alonzo. A beautiful shade of clear, pearl pink, incurved and a well built flower with good stem and foliage, and of excellent keeping qualities. In season 10th to 20th of November. Three and one half feet high. Good for all purposes. A. C. S. Certificate.

Infatuation. Clear white, changing to creamy white with age; a new and distinct type. Fine, bold, perfectly globular flower, with extra good stem and foliage. An unusually good shipping variety. Obtained eighty points at New York. In season October 25th to November 5th.

Miss Helen Wright (Exhibited as Baltimore Belle). An ideal flower in every way; pure, ivory white, gradually assuming the faintest tint of pink with age. Very broad, massive, incurved petals, forming a fine, large, symmetrical flower. Stem and foliage are all that can be desired; and A1 variety for all purposes. In perfection October 20th. Three feet high. A. C. S. Certificate.

Mrs. J. Peabody. Very large, pure, white; blooms measure from eight to nine inches through and from six to seven inches deep, of extra fine build and finish. As an exhibition flower it is by far the finest white yet introduced. A mid-season variety. Height, four feet.

Pluto. A fine, bold flower, globular in shape and well built; all except center petals are reflexed; clear, bright red, which is the predominating color of the flower, excepting the center which is incurved, the reverse being bright gold, a pleasing effect. Mid-season variety. A. C. S. Certificate. 50c. each; \$5.00 per dozen; \$35.00 per 100.

PHILADELPHIA, December 15th, 1895.

DEAR SIR:—I have grown Mrs. H. H. Battles in quantity for two years for a late variety. It has no equal in its color, being a beautiful blush tint, of fine form, full to the center, and of large size. It sells on sight, and I think growers will find this the greatest acquisition to their late collections.

Respectfully W. K. HARRIS.

ST. LOUIS, MO., May 17th, 1895.

DEAR SIR:—Box of chrysanthemums received O. K. Kindly except thanks for extras and packing with such care.

Yours truly, H. F. VOGEL.

PITCHER & MANDA'S SET.

Constance Terrell. Fine Japanese yellow (type of Viviani-Morel), good foliage well up to the flower; full, double, and very lasting; dwarf; mid-season variety.

Consuela. Very early large reflexed Japanese of fine form and substance. Delicate pink; stem good and well furnished. Splendid exhibition variety.

Henry Hurrell. Closely incurved yellow Japanese. Very large and lasting; stem and foliage excellent. Unsurpassed as an early dwarf-growing variety.

Miss L. Magee. Early incurved Japanese, with strong stem and foliage. Very vigorous grower, producing large, full flowers of a beautiful light pink. Excellent for exhibition purposes.

Miss M. Lear. A fine Japanese, incurved, full and double; maroon-red which does not fade; good stem and foliage; mid-season. The best maroon-red in existence.

Mongolian Prince. True incurved Chinese, with large flowers of a golden bronze color; stiff stems, with foliage well up to the flower; dwarf; mid-season variety.

Mrs. Harry Toler. Extra large Japanese, with excellent stem and foliage. Color flesh pink, slightly hairy, full and double; mid-season. A vigorous grower.

Robert F. Hibson. Early reflexed Japanese. Good, strong grower, producing extra large, perfectly double, creamy white flowers, stiff stem, with foliage up to the bloom. Fine for exhibition or pot culture.

Single plants, 50c. each; \$5.00 per dozen; \$35.00 per 100.

PHILADELPHIA, December 12th, 1895.

MY DEAR SIR:—Regarding my opinion of "Liberty" Chrysanthemum would say in color it is a *clear, rich yellow*, large in size, having fine foliage, with stout and erect stem. Its lateness makes it very valuable, being the best *late yellow* I have seen.

Yours truly,

EDWIN LONSDALE.

Note Cannas, Begonias and Special Collection at end of Catalogue.

SHELBYVILLE, KY., November 14th.

DEAR SIR:—In March I purchased of you a package of hand hybridized chrysanthemum seed, from this I selected and have saved six, three of which are exceptionally fine, and I would not exchange for anything I have seen at the shows in Louisville; one is quite early, one medium, and the third late. The first I had 8½ inches, the second 8 inches, and a third is not fully out yet. I am only an amateur and have not grown them as they might be done or as I intend to do them another year.

Yours truly, S. M. HARBISON.

DEAR SIR:—Mrs. R. Crawford is one of the finest white chrysanthemums I have ever raised, except *Ivory*, which it resembles very much, both in form and color. It is much stronger and larger, blooming later, and I believe this variety to be the gem of the year.

Yours truly, W. K. HARRIS.

New Cannas.

FEW flowering plants combine so many qualities as the modern Cannas. Without exception they are the most important new and magnificent addition to the floral world. Nothing equals their combination of bloom and tropical effect, and the low prices here offered, for the rarest and choicest varieties only, place them within the reach of all.

Mme. Crozy. The finest Cannas ever introduced. Foliage bright green; immense trusses of orange scarlet, each petal bordered with golden yellow. A splendid grower and marvelously free in bloom. 10c.

H. A. Dreer. Rich crimson; bronze foliage. 10c.

Paul Marquant. Rosy carmine dotted with a bright red; flowers of elegant form. A grand variety, stands the sun finely. 10c.

Yellow Queen. A dwarf, large flowered, almost pure yellow Canna. Light green foliage. Very free. 10c.

Baron de Sandraus. Orange, shading to yellow; nicely formed flower with broad petals. 10c. each.

Florence Vaughan. A grand yellow of bright golden shade, heavily dotted with bright red. 15c.

Chas. Henderson. Two and one-half feet in height; foliage, clear bright green; very free both in growth and bloom; flower large and round; color, vermilion red, dotted with crimson. 10c.

J. D. Cabos. Foliage beautiful bronzy purple; color, orange apricot or rosy bronze; very distinct; nothing like it. 10c.

Paul Sigert. Claret color, with gold band, fine showy bloom of Mme. Crozy type. 15c.

Sunbeam. Magnificent clear yellow; extra large trusses and blooms. Very dwarf growing, hardly two feet. The very best of this color and class. 15c.

Black Beauty. This is the most magnificent foliaged of all the varieties; habit, robust; about 3 to 4 feet; leaves broad and solid of a dark claret purple, almost black. A startling variety and the best of the year. 20c. each.

L. Bally. Magnificent large yellow, slightly spotted, deeper shade of yellow; dwarf habit and perfect growth. 20c.

Alphonse Bouvier. The finest variety in its color, soft bright cardinal red; truss is enormous, composed of quantities of flowers; spikes freely produced; a magnificent grower; produces a mass of brilliant red. 10c.

Eldorado. The finest of all the yellows, clear shade, faintly tinted red. 25c.

Sophie Buchner. Giant habit, bright orange scarlet. 20c.

Baron de Sandrans. Distinct light yellow, lightly spotted, very large broad flower. 15c.

Orange Perfection. Brightest and most effective orange in commerce. 20c.

Sec'y Stewart. One of the strongest growers, richest deep red. 15c.

Prof. Gerard. Grand acquisition, rich crimson scarlet. 15c.

Count H. de Choiseul. Dwarf, compact, deep crimson. 10c.

Capt. P. de Suzzoni. The best large yellow bedder. 10c.

Sarah Hill. Grand deep crimson bedder. 10c.

In addition to the above collection I have over 100 varieties which I can offer. My selection at 12 for \$1; 25 for \$2; 50 for \$3.

PHILADELPHIA, December 10th, 1895.

DEAR SIR:—The Chrysanthemum "Liberty" has about as many good qualities as any yellow variety we have handled this year. It is one of the best in color, stem and foliage, a good keeper, and has sold as well as any we have handled.

Very truly yours,

{PENNOCK BROS.
